

Portable Car Air Purifier True HEPA Filter For Smoke Smell Customized

Our Product Introduction

for more products please visit us on envi-tek.com

Basic Information

- Place of Origin: China
- Brand Name: Envitek
- Certification: ETL CB EMC LVD ERP ROHS
- Model Number: KJ020GE-C1
- Packaging Details: color box+master carton
- Delivery Time: 30
- Payment Terms: L/C, T/T, Western Union, MoneyGram
- Supply Ability: 30000 PCS/MONTH

Product Specification

- Material: ABS
- Color: White Or Customize
- Power (W): 100-240V Or 4AA Cell Battery,5W
- Type: Hepa
- Usage: Car
- Custom: Yes
- Highlight: **Smoke Smell Car Air Purifier,
True HEPA Car Air Purifier,
True HEPA car smoke purifier**

Product Description

Car Air Purifier: Fresh Companion During Driving

During every moment of your driving, the car air purifier is like a silent guardian "air spirit", creating a fresh small world inside your car.

How does it perform its magic? First, the powerful fan starts to work, like a tireless "porter", quickly drawing the air inside the car into the purifier.

Then, the multi-layer filters come into play. The primary filter stops the visible large particle pollutants, such as dust and hair. And the efficient HEPA filter is like a precise "hunter", capturing the particles as tiny as PM2.5 level.

Not only that, the activated carbon filter comes into play. It is a "master" at adsorbing odors and harmful gases. Whether it is the formaldehyde emitted from the new car interior or the smoke smell left from smoking, it can subdue them one by one.

Some car air purifiers are also equipped with negative ion generators. The large amount of negative ions released are like the gentle breeze in spring, making you feel as if you were in the fresh nature.

For example, when you are on a congested road and the exhaust fumes from surrounding vehicles are pervasive, it can filter out the harmful substances for you; when you travel with your pet, it can quickly eliminate the odor brought by the pet.

The car air purifier makes every trip of yours full of freshness and pleasure.

Product Specification

Model	KJ020GE-C1
Voltage	100-240V
Power	5 W
CADR rate	18m ³ /h
Product size	208*89*218mm
Area coverage	3m ²

Product Features:

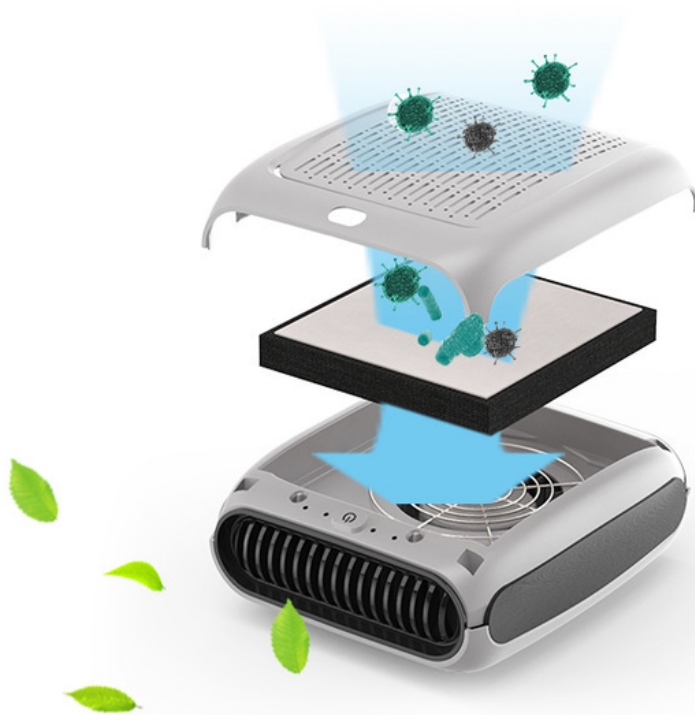

- HEPA filter (Hepa with carbon for option)
- 2 speeds, one button easy control
- Filter changing reminder
- Easy to use in car with attachment belt
- With an adaptor and Car Cigarette Lighter
- Negative ions for option
- Uv for option
- Auto Mode-Air Quality indicator for option

HEPA Filter:

Pre filter traps pet hair and other large particles while extending the life of the HEPA filter
HEPA filter helps to reduce harmful germs, dust, pollen and other allergens as small as 0.3 microns

True HEPA H13 filter

Clean your personal air from
99.97% of dust, pollen, pet dander, smoke, and odors.
