

CADR Evaporative Humidifier Air Purifier Diffuser Machine 2 In 1 150m³/H

Our Product Introduction

Basic Information

- Place of Origin: Anhui
- Brand Name: ENVITEK
- Certification: ETL CB EMC LVD ERP ROHS
- Model Number: KJH400GE-N1
- Packaging Details: color box+master carton
- Delivery Time: 30-45Days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 10000 Per Month

Product Specification

- Water Tank Capacity: 3.5L(1 Gal)
- Product Size: Ø315*H633mm
- Noise: Under 62db
- Function: Clean Air
- Color: White
- Filter Style: Hepa H13
- Highlight: **CADR Humidifier Air Purifier,
Evaporative Humidifier Air Purifier,
2 In 1 humidifier diffuser air purifier**

Product Description

CADR 150m³/h Evaporative Humidifier Air Purifier 2 In 1 Machine

This dual-purpose appliance seamlessly integrates the functionalities of a humidifier and an air purifier, offering a comprehensive solution to enhance indoor air quality and maintain optimal humidity levels. Designed with the modern living space in mind, this innovative device is adept at tackling both dry air and airborne pollutants, ensuring a healthier and more comfortable environment.

As a humidifier, it is equipped with a water tank that can be filled with tap water. It uses evaporative technology to disperse water vapor into the air, effectively increasing humidity levels and providing relief from the discomforts associated with dry air, such as dry skin, irritated sinuses, and static electricity.

On the other hand, as an air purifier, the device features a multi-stage filtration system. This system typically includes a pre-filter to capture larger particles, a HEPA filter to trap microscopic particles as small as 0.3 microns with a high efficiency rate, and an activated carbon filter to eliminate odors and volatile organic compounds (VOCs). This comprehensive filtration process helps to remove contaminants from the air, resulting in cleaner and fresher air quality.

In summary, this three-in-one appliance is an excellent choice for those looking to improve their indoor air quality comprehensively. It combines the benefits of a humidifier, an air purifier, and a UV sterilizer, all powered by a high-efficiency HEPA filter and UV-C technology, providing a holistic approach to respiratory health and overall well-being in the home.

Product Specification

Model	KJH400GE-N1
Sound Level	<=62dB(A)(Max)
DC Power	100-240V 50/60HZ 35W
CADR rate	88CFM (150m ³ /h)
Product size	Ø315*H633mm
Area coverage	28-48 m ³

Product Features:

- It is an air purifier and a humidifier 2 in 1 machine
- Fog-free humidification will keep the air moist while the air purifier is working
- 3 in 1 HEPA-type filter, with carbon and nylon pre-filter • One Wick filter
- 4 speeds and sleep mode
- Auto mode - Air Quality Indicator by 3 colors
- UVC light plus Photocatalyst effectively eliminating bacteria, virus, odors • Digital display PM2.5 value
- Negative ions released
- 12 hours timer setting
- Filter changing reminder
- Wi-Fi control for option

Why Choose Us:

•Product development

Our Marketing Team continually evaluates Consumer needs and expectations and together with our Research Department look at ways to meet and exceed Consumer expectations in today's moving world of conveniences.

•Eye-Catching Design

Innovative Design Team, through Consultations and Customers, keeps abreast with trends in home appliances to be appealing to tomorrow's Consumers.

•Adequate verification

Reliability testing in normal use and abusive situations is exhaustively done during development and preproduction to insure the Consumer will enjoy a trouble free life for the product.

•Manufacturing capability

Longevity in a quality trained workforce assures capable processes delivers the best product to Name Brand Customers.

•Business Model

Envitek, being a world class manufacturer, thinks out of the box when it discusses and establishes OEM/OBM/ODM business relationships.
